

RTACOC Website Inbound Link Notes 23JAN18

As part of the site upgrade installed on 23JAN18, the URL for links on other sites pointing to the Chamber site will need to be updated as follows:

The antique show schedule URL remains as:

`http://www.roundtop.org/antique_show_info.php`

The event calendar URL needs to change as follows:

OLD - `http://www.roundtop.org/event_calendar.php`

NEW - `http://www.roundtop.org/wsx/wsx_event_calendar.php`

Member listing page URL's will have an additional path component added ... for example, the URL for the Lodging group page will need to change as follows:

OLD - `http://www.roundtop.org/wsx_chamber_group_listing.php?group_id=lodging`

NEW - `http://www.roundtop.org/wsx/wsx_chamber_group_listing.php?group_id=lodging`

As another example, the URL for the Art Galleries category page will need to change as follows:

OLD - `http://www.roundtop.org/wsx_chamber_cat_listing.php?cat_id=galleries`

NEW - `http://www.roundtop.org/wsx/wsx_chamber_cat_listing.php?cat_id=galleries`

Obviously, you can always just navigate to the page you want to link to on the new site, then copy/paste its URL into your site as required.

In summary ... it would be worthwhile for you to review/update ALL links that point to the Chamber site, with the (obvious) exception of links that simply point to the `www.roundtop.org` Domain.
